

VARiplus-GC GRIPPER COUPLINGS

- KLAMFLEX VARiplus-GC Gripper Couplings are designed to resist end pullout on PE and PVC pipes, it is the fastening action of the Gripper Rings that secures the Coupling onto the pipe resisting end pullout.
- KLAMFLEX VARiplus-GC Gripper Couplings are manufactured from Ductile Iron, Gasket material is EPDM, Gripper Ring material is Brass, and coating is Fusion Bonded Epoxy.
- Sizes are available for the following pipe outside diameters:

DN (mm)	PIPE OD RANGE (mm)	APPROX MASS (kg)
50	63	3
80	90	5
100	110	7
150	160	10
200	200	18
250	250	32
300	315	48
